Business Resource Webinar: Contractual Obligations and Force Majeure

April 24, 2020

Businesses face more obstacles than ever before, and we are here to help. Assessing the contractual rights and duties as a business owner amid COVID-19 is an immense challenge at the best of times.

To help shed some clarity, we will share legal insights in a Calgary Chamber #Here4YYC Business Resource webinar. We'll touch upon the legal failures such as force majeure, frustration, and failed conditions precedent, in a range of contexts, including commercial leases.

Rahim Merchant (Commercial Litigation) and Robert Fooks (Business Law) partners at McLeod Law will share practical advice for steering through contractual challenges, moderated by Brent Cooper, partner at McLeod Law and Chair of the Calgary Chamber Board
