Helping companies in financial distress

For over 70 years, we've helped companies in financial distress. We know the law and the judges in this area. Since litigation in this area can be expensive, we develop cost-effective solutions outside the courts whenever possible. We know how to get to the core issue, find the best options for you, and bring the right experts together. Our goal is to reach a successful resolution as quickly as possible so you can move forward.

We provide practical advice and counsel to:

- Trustees
- Receivers and monitors
- Lenders and creditors
- Officers, directors, and shareholders of troubled enterprises

Whatever sector you're in, we have experience with it, including oil and gas, real estate, agriculture, manufacturing, construction, retail, and transportation.

Our services include:

- CCAA plans of arrangement
- BIA proposals
- Creditors' rights
- Collections and debt recovery
- Directors liability
- Shareholders' rights

Lawyers who pick up the phone

You need a lawyer who takes the time to understand your needs and goals. Someone who is available to talk to you and will reply to emails quickly.

Adding complicated legal jargon to an already stressful situation isn't helpful. We'll communicate with you in plain English and save the legal language for legal documents.

Accessing resources that can help

When additional resources are needed, we can leverage the knowledge of lawyers in McLeod Law's other practice groups. If you have legal needs outside of Alberta, we can connect you to qualified and respected law firms in other provinces and countries through the TAGLaw global network.
