### Free Initial Consultation

Motorcycle injury claims in Alberta can be complex and confusing. Motorcyclists lack the physical protection that cars provide, which significantly increases the risk of serious personal injury. Your life can change in an instant, but you're not alone.

Our Motorcycle Injury Group is here to help you recover the damages you deserve. With a deep understanding of the unique challenges faced by motorcyclists, our team is well-versed in the rules, laws, and key players in this area.

You can rest assured that you're in good hands. We make sure your injury claim is fully investigated, you get the necessary treatment, and your claim is maximized.

We assist with the administration of your accident benefits, which cover treatment and/or disability benefits within the first two years after the accident. This ensures you receive the right treatment when you need it and disability benefits while you are off work.

We check in regularly with you and help coordinate doctors and treatment providers to develop evidence and maximize your claim. We'll also refer you to appropriate specialists, diagnostic imaging, and other forms of treatment.

### Receive a free consultation

Your initial consultation is free. We will give you an honest assessment of your claim and talk about the best approach. And we offer contingency-based billing, so you won't have to pay us any fees until we recover your compensation.
