### McLeod Law Welcomes Breton Gaunt to the Partnership

Breton Gaunt

January 14, 2025

We are delighted to announce the promotion of Breton Gaunt to the McLeod Law partnership. Since joining our firm as an articling student, Breton has made a significant impact as a member of our Business Law group, consistently exemplifying dedication, skill, and a commitment to helping clients achieve their goals.

Breton's practice focuses on business and corporate/commercial law, corporate finance, and securities, where his personable and practical approach to legal solutions has earned him the trust and respect of clients and colleagues alike.

Before embarking on his legal career, Breton built a diverse and unique foundation of experience, running his own residential concrete business and earning Red Seal certification as a concrete finisher.

Outside of the office, Breton values time with his family and enjoys the outdoors, embodying the balance that we at McLeod Law believe is essential for professional and personal success.

Please join us in congratulating Breton on this well-deserved accomplishment. We look forward to seeing you continue to thrive and help shape the future of McLeod Law!
