Presented by:

Ryan Peterson was formerly CEO and Co-Founder of Finger Food Advanced Technology Group™ which was acquired by Unity in May 2020. Under Ryan's leadership as CEO, Finger Food saw tremendous growth, transforming from a small basement start-up to a multi-million dollar company with 200+ employees that focused on AI, AR/VR, Blockchain, Robotics, games and IoT. The company created impactful and elegant cloud, web, mobile, machine and advanced-interface solutions built on top of emerging technologies.

The Powering Up webinar series is proudly presented by McLeod Law and Rogers.
