Business Resource Webinar: Contractual Obligations and Force Majeure

April 24, 2020

Businesses face more obstacles than ever before, and we are here to help. Assessing the contractual rights and duties as a business owner amid COVID-19 is an immense challenge at the best of times.

To help shed some clarity, we will share legal insights in a Calgary Chamber #Here4YYC Business Resource webinar. We'll touch upon the legal failures such as force majeure, frustration, and failed conditions precedent, in a range of contexts, including commercial leases.

Rahim Merchant (Commercial Litigation) and **Robert Fooks** (Business Law) partners at McLeod Law will share practical advice for steering through contractual challenges, moderated by **Brent Cooper**, partner at McLeod Law and Chair of the Calgary Chamber Board
