Maria Nathanail Appointed to Vantage O&G Inc.'s Board of Directors

July 13, 2021

Vantage O&G Inc. ("Vantage"), a leading-edge technology company focused on compliance solutions for the oil and gas industry, has appointed Maria Nathanail to its Board of Directors.

"We are very excited to welcome Maria to our Board of Directors," said Murray Larkins, President of Vantage. "Over the next year, we will be bringing to the market significant enhancements to our ComplyShield product that will provide efficient ways for companies to further achieve operational excellence while managing compliance and risk, generating savings and streamlining processes. Maria's wealth of knowledge and experience with corporate and securities regulatory requirements, corporate governance and her deep background in business will help us continue to provide solutions that are key to the success of our clients. I look forward to working with her and leveraging her unique insights, experience and advice to help advance the Vantage vision and strategic plan."

Maria brings a combination of corporate legal expertise and executive experience to the Vantage board. She represents public and private corporations across a broad range of business and corporate commercial law matters, including corporate finance, capital markets and securities regulation, and mergers and acquisitions. Maria has acted as corporate secretary and a member of the board of directors of several public and private companies, including start-up companies, and in a variety of sectors and industries, including technology, oil and gas exploration and production and services, land development and construction.

"With so much change unfolding in the oil and gas industry, this is an opportune time to work with a forward-looking team committed to helping industry players adapt to changing markets and be more efficient in how they run their businesses," commented Maria Nathanail. "I am excited to channel my experience and insights to help Vantage bring compliance management solutions to the forefront of the industry."

About Vantage

Vantage was created by energy industry experts looking for a better way to manage governance, risk and compliance. We have developed a new industry standard to meet the growing expectations and requirements of regulators, the public, and the investment community. Our flagship product, ComplyShield, is a Software-as-a-Service (SaaS) solution used to support and grow operational excellence.
