PARKFORUM - Emerging Artist & Designer Seminars

Robert Fooks, head of our **Corporate & Commercial Group** will present on legal considerations for creative start-ups at the 2016 PARKFORUM, held for emerging artists and designers on how to start and grow their business in the creative industry.

“The Forum sets the stage for the incubation of this knowledge, as well as the opportunity to network with Calgary’s creative leaders and work together to further redefine artistic culture within the city’s landscape.”
