Motor Vehicle Accidents

Free Initial Consultation

Motor vehicle claims in Alberta can be complex and confusing. Our Personal Injury group has 40 years of experience with the rules, laws, and players in this area. You can rest assured that you're in good hands. We make sure that your injury claim is fully investigated, you get the treatment needed, and your claim is maximized.

We also help with the administration of your accident benefits. (These benefits provide coverage for treatment and/or disability benefits within the first two years after the collision.) This ensures you get the right treatment when you need it, and disability benefits while you are off work.

We check in regularly with you and help coordinate doctors and treatment providers to help develop evidence and maximize your claim. We'll also refer you to appropriate specialists, diagnostic imaging and other forms of treatment. Our personal injury group handles claims involving:

- Accidents involving a car, truck, motorcycle, ATV, snowmobile, cyclist, or motorboat
- Pedestrians
- Hit and run

Minor Injury Regulation

If you're injured in a motor vehicle accident in Alberta, you should know about the Minor Injury Regulation, and the effect it can have on your claim. This law limits compensation for less-severe injuries from motor vehicle accidents. We can help you determine if this "cap" applies to your case, or if your claim falls outside this law.

Receive a free consultation

Your initial consultation is free. We will give you an honest assessment of your claim and talk about the best approach. And we offer contingency-based billing, so you won't have to pay us any fees until we recover your compensation.

Lawyers who pick up the phone

You need a responsive lawyer who will take the time to explain the process and your role and help reduce your stress. We check in with you regularly and answer your questions promptly, so you get the same level of service throughout the process.
