Pedestrian & Cyclist Accidents

Free Initial Consultation

Our Personal Injury group has 40 years of experience with the rules, laws, and players in this area. We regularly bring claims on behalf of pedestrians and cyclists involved in accidents, so you can rest assured that you're in good hands. We make sure that your injury claim is fully investigated, you get the treatment needed, and your claim is maximized.

We also help with the administration of your accident benefits. (These benefits provide coverage for treatment and/or disability benefits within the first two years after the collision.) This ensures you get the right treatment when you need it, and disability benefits.

We check in regularly with you and help coordinate doctors and treatment providers to help develop evidence and maximize your claim. We'll also refer you to appropriate specialists, diagnostic imaging and other forms of treatment.

Receive a free consultation

Your initial consultation is free. We'll give you an honest assessment of your claim and talk about the best approach. And we offer contingency-based billing, so you won't have to pay us any fees until we recover your compensation.

Lawyers who pick up the phone

You need a responsive lawyer who will take the time to explain the process and your role and help reduce your stress. We check in with you regularly and answer your questions promptly, so you get the same level of service throughout the process.
