Serious Personal Injury

Free Initial Consultation

Your life has changed in an instant, but you're not alone. Your medical care is our first priority.

When the injuries you have suffered are complex and serious, we work together with your caregivers to make sure you have all the necessary care and rehabilitation to get back on your feet. We'll make sure your caregivers gather the evidence needed and get you the best possible compensation. We'll be there to listen, answer your questions, respond to developments, keep you informed, and guide you through your recovery every step of the way.

To ensure nothing slips through the cracks, we keep an accurate and up-to-date record of your claim. We stay informed of your medical progress and negotiate with insurers on your behalf.

We handle claims involving:

- Fractures
- Spinal cord injuries
- Paraplegia
- Quadriplegia
- Wrongful death

Receive a free consultation

Your initial consultation is free. We'll give you an honest assessment of your claim and talk about the best approach to resolution. And we offer contingency-based billing, so you won't have to pay us any fees until we recover your compensation.
