## Free Initial Consultation

We have decades of experience with the rules, laws, and players in this area. We'll see to it that the party responsible for the conditions leading to your fall are put on notice. We make sure your claim is fully investigated and maximized for value, and your recovery is as complete as possible.

We also help with accessing any benefits that might help cover the costs of treatment. This ensures that you receive timely and appropriate therapy and the disability benefits needed to cover your time off work.

You don't have to worry about coordinating doctors and treatment providers because we'll take care of that for you. We can also refer you to specialists, diagnostic imaging, and other forms of treatment as needed.

Our Personal Injury group works with claims involving:

- Injuries resulting from slip, trip and fall accidents
- Occupiers liability
