Agriculture & Farm Land

We have more than 100 years of combined experience in the agriculture and farm industry. In fact, we're on par with—or larger than—many national firms. We're deeply familiar with the local market, its regulations, and players.

With experience comes an efficient process, and the ability to meet deal milestones accurately and on time. We assign tasks to the appropriate team members and leverage technology, so you aren't paying higher fees unnecessarily.

Our services include:

- Buying and selling agriculture, farm, and bare land
- Co-ownership agreements and transfers of title
- Mines and mineral interests
